

# Cloud Easy Smart 250m PoE Switch

WI-PCES206 | WI-PCES210G | WI-PCES218GF |  
WI-PCES226GF

## Overview

Wi-Tek Cloud Easy Smart 250m PoE Switch provides 4/8/16/24 100Mbps PoE ports, some PoE ports can reach up to 90W output, suitable for powering high-power PD, which can fulfill the demand for sufficient PoE power for HD IP surveillance. It offers an easy-to-use, reliable, intelligent power solution for CCTV networks.

This series of switches supports cloud management where you can remotely manage your devices in the cloud platform/mobile app, providing you with intelligent, simple, and easy-to-maintain management measures. Users can view the network status, modify the configuration, and troubleshoot at home anytime.

## Features

### Wi-Tek Cloud Easy Smart Management

ONVIF cameras and Wi-Tek cloud management devices can be remotely managed through the Wi-Tek cloud platform/mobile APP, making CCTV network projects truly intelligent and easy to maintain. You can easily access and manage your cameras through your phone or computer anytime, anywhere.

(Note: The Eweb channel can be created only when the easy smart switch is linked with the other type of Wi-Tek cloud management device, such as cloud L2, L3 management switch, gateway, wireless AP, etc.)

### Remote Configuration

There is no need to go to the site to configure it. Users can make remote configurations such as port restart, PoE restart, and VLAN division; even maintenance and debugging can be done remotely anytime and anywhere.

### Support ONVIF Detect

Automatically detect the ONVIF cameras on the same network subnet.

### Independent Intelligent DIP, Easy to Switch Functional Modes

DIP switch provides Extend mode( 250m Long Range), VLAN mode and PD Alive mode. No configuration is needed, quick provision and more flexible project adaptation.

# Specifications

Model	WI-PCES206	WI-PCES210G	WI-PCES218GF	WI-PCES226GF
Hardware Version	V1	V1	V1	V1
Hardware Features				
Interfaces				
Downlink Port	4*10/100Mbps RJ45 PoE Ports	8*10/100Mbps RJ45 PoE Ports	16*10/100Mbps RJ45 PoE Ports	24*10/100Mbps RJ45 PoE Ports
Uplink Port	2*10/100Mbps Ethernet Ports	2*10/100/1000Mbps Ethernet Ports	2*1000Mbps Combo SFP	2*1000Mbps Combo SFP
PoE				
PoE Port	Port 1-4	Port 1-8	Port 1-16	Port 1-24
